

McGill Jazz Combos (not a free program)

2 hrs per week

The staff does NOT teach you how to play your instrument; hence, you must already be able to play. There is an audition to get in...

Students 13 years and over with a minimum of one year of playing experience in one of the following instruments or in jazz voice may audition: trumpet, trombone, alto, tenor and baritone saxophones, clarinet, flute, piano, electric or acoustic bass, guitar, drums.

Combos meet once a week to explore jazz in all its exciting facets, with special emphasis being placed on developing creative instincts through jazz improvisation.

All combo classes will be held on weekday evenings or Saturday afternoons. Each Combo will have the opportunity to perform in several concerts scheduled throughout the year.

To schedule lessons for audition assistance for this program contact...
